

COOKBOOK TO HARMONIZE DATA INTELLIGENCE AND DATA-AS-CODE PLATFORMS

June 2024

DATA AS CODE PLATFORM

Key steps of deployment process

CORE PLATFORM ASSETS

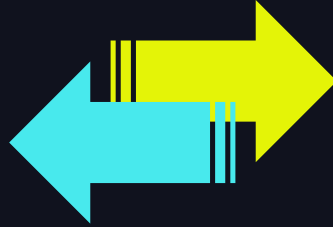

DATA INTELLIGENCE PLATFORM

Build-in features

Data-as-code Platform

- Handcrafted touch
- Within inner and open-source standard
- Users access to features controlled

Data Intelligence Platform

- Exogenous Innovation
- No/Low development costs
- Flexible Communication with Users

EXAMPLE OF DATA GOVERNANCE

Different ways / same outputs ?

DATA GOVERNANCE

By Platform construction

Build-in Product Features

Enterprise Catalog

Another Example > Pre-commit Strategy

EXPLORING COORDINATION STRATEGY

**Mixture of Experts
Approach**

**Define Priorities
Access Features**

**Don't Kill The Fun
With Gouvernance**
