# TEST WITH FOUNDATION MODEL APIS

Yucheng Qian
June 2024

1

DEMO OUTLINE

Easily Test Models in Databricks with Foundation Model APIs and AI Playground (see speaker notes for detailed script)

1. A business problem: extract keywords from hotel reviews

2. Foundation Model APIs: state-of-the-art open source LLMs ready to use

3. AI Playground: test LLMs with no setup

4. Notebook: invoke LLMs with OpenAI SDK

5. New features: function calling, safety filters, inference tables

6. New model: image generation
